Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer (b) and (c) below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes," and if you checked 12a or 12b in Part I, answer (b) and (c) below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).</i>		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? <i>If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).</i>

b Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? <i>If "Yes," answer 10b below.</i>		
b Did the organization have any excess business holdings in the tax year? <i>(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)</i>		

Part IV Supporting Organizations (continued)

	Yes	No
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b A family member of a person described in (a) above?		
c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI .		

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.

Schedule C - Part II-A Line 1

Management has direct contact with Legislators, their staff and Government officials to advocate the Hospital's position on key issues affecting the hospital. Frequently, these contacts are made to educate the appropriate representative or official on the implications of specific policy/legislation on the industry in general and/or implications to Fox Chase. At the federal level, during FY 2019 the Hospital advocated for increased medicare reimbursement under the cancer center rules and advocated for increased research funding for the NIH and NCI. Management also provided input on various issues including health care reform and important issues such as drug shortages legislation. Additionally, to assist the Fox Chase entities in obtaining needed funding for cutting edge technologies and resources used by the scientific and clinical faculty, the hospital affiliate submitted federal grants through the appropriate mechanisms. At the state level, management advocated for the sustained use of Tobacco Funds to support the various cancer programs in the Commonwealth. This funding is central to the programs conducted by Fox

with a total current population of approximately 1,939,157.

In addition to the quantitative data utilized for the CHNA, additional community input was derived from focus groups with individuals living and/or working in the communities in the hospital's service area who could provide input on the needs assessment as community members, public health experts, and as leaders or persons with knowledge of underserved racial minorities, low income residents, and/or the chronically ill.

Additionally, a survey was conducted with key informants to gather additional information.

Group A-Facility 1 -- The American Oncologic Hospital

Part V, Section B, line 7d: The final CHNA was shared externally with partner organizations and is available to the public via the organization's website

<https://www.foxchase.org/community/community-health>. Additional dissemination of its findings have been presented to the Board of Directors, senior leadership, and to multiple entities within FCCC including: American College of Surgeons (ACoS) Commission on Cancer, Cancer Committee, Cancer Prevention and Cancer Control (Behavioral Research team) and staff from the Office of Community Outreach, the primary education and outreach arm for the institution.

Group A-Facility 1 -- The American Oncologic Hospital

Part V, Section B, line 11: The CHNA provided a broad overview of the needs of our community, however, as an NCI Comprehensive Cancer Center, our sole focus is cancer. Within the cancer control realm, we address the entire cancer continuum from prevention to survivorship. An implementation

plan has been developed based on the 2019 CHNA to focus on four priority areas to address the immediate community's health issues and care needs. The areas include (1) Access to care: mobile screening and education; (2) Chronic disease: prevention, screening, smoking cessation, and worksite wellness (3) Mental health: Caregiver resources and support and (4) Substance use: education on responsible prescribing and use of opioids in the uninformed surgical population. The CHNA was completed in 2019 and an implementation plan was subsequently developed and approved by the Board of Directors and teams were tasked with implementing specific tasks and/or projects to address the identified needs. The implementation of these tasks will occur in FY20-22. During this reporting period (FY19), teams have completed the implementation of the tasks and projects identified in the previous implementation plan, which is also available on the FCCC website: <https://www.foxchase.org/community/community-health>.

Fox Chase Cancer Center (FCCC) is addressing the following unmet needs identified in the 2016 and 2019 Community Health Needs Assessments (CHNA):

Demographic Changes - the anticipated growth in older populations does not present a challenge for Fox Chase. According to the 2019 Tumor Registry data, 87% of our patient mix in the service area is between the ages of 50-99.

Language Needs - In preparation for the changing language needs, we have embarked on a quality improvement plan for language services. We have established institutional policies to address the languages needs of our non-English speaking patients. These services include on-site medical

interpreters, language phones and remote video units for our deaf community and amplifiers for our hard of hearing patients. Individual languages/dialects that address this need are: Spanish, Russian, Mandarin, Cantonese and Vietnamese. Other languages are available however; this speaks directly to the most utilized languages according to our Language Services. The other policy relates to the translations of vital patient documents and other materials produced by Fox Chase. These documents are translated by a Temple Health contracted and accredited translations vendor. The documents once completed undergo an internal review by the Temple Linguistic and Cultural Services Department to ensure accuracy as well as compliance with the National Standards for Culturally and Linguistically Appropriate Services in Health Care and the Joint Commission's Roadmap. We have also developed new bilingual cancer education brochures that were developed and translated by a certified medical interpreter. These include brochures on colorectal and skin cancer in Mandarin Chinese and a brochure on cervical cancer in Spanish. Additional efforts are focused on service excellence to enhance staff's capacity to provide culturally competent care. On April 26, 2019, Temple Health presented a Cultural Competency and Awareness in Health Care Symposium that equipped staff with tools to provide culturally competent care to patients.

Insurance Plans - FCCC accepts a variety of medical insurance including Medicare, Medicaid and private insurers. Additional funding from state and foundation grants enables us to offer cancer screening and treatment for breast cancer. Financial counseling and triaging within our network hospitals is available to persons who do not fall within these categories.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. Health Status and Behaviors - Twenty-two percent of adults in the service area smoke cigarettes, which is significantly higher than the state rate of 18%. Fox Chase Cancer Center offers smoking cessation assistance to all patients using tobacco products through the Tobacco Treatment Program. Participants in this program receive counseling along with the use of pharmacotherapy (nicotine replacement therapy and/or other medications). This fiscal year, Fox Chase's Tobacco Treatment program has continued to expand, with the assistance of our local partners, to members of the community. The Community Tobacco treatment program has been held at both Fox Chase Cancer Center and at community partner sites and includes education and pharmacotherapy counseling. This program is open to community members that are interested in quitting tobacco. To eliminate barriers to participation and to increase access, the 5-week program is offered at no cost to participants. The program was held two times in FY 2019 and will be held at least two times each fiscal year moving forward. In addition, the Office of Community Outreach (OCO) continues to provide bilingual (English and Spanish) lung cancer education via our Community Speakers Bureau. This one-hour session provides an overview of cancer, reviews lung cancer risk factors, prevention, symptoms, screening guidelines and treatments for lung cancer.

Access and Barriers to Health Care - There is an unmet need in the service area for screenings and preventive care. Through our Speakers Bureau, the OCO provides participants with evidence-based information on risk factors, symptoms, screening guidelines, and treatment options for breast, cervical, colorectal, lung, ovarian, prostate, and skin cancers. To

further complement our education programs, the OCO brings cancer screening to the community via its mobile screening unit (MSU). Recognized as a best practice to reducing structural barriers, the OCO brings breast, skin, and head and neck cancer screening to the community. In FY19, we reached 2,294 women with breast, 62 people with head & neck, and 69 people with skin cancer screenings. Individuals requiring language services were provided with a certified medical interpreter at no cost to the patient.

Individuals identified with abnormal findings that require follow-up are supported with navigation services including transportation to and from FCCC at no cost to the patient. Fox Chase also seeks to increase access to care by expanding office hours for breast cancer patients and offering appointment times for MRIs on Saturdays.

Difficulty Navigating The Health Care System - In addition to the language and transportation services provided to patients in-need; our community navigator greets MSU patients requiring follow-up care and remains with them as they receives services. During FY19, our community navigator worked with 529 patients to assist them with their appointments and navigate them through their services. Patients diagnosed with cancer are assigned a nurse navigator to support ongoing needs i.e. scheduling, testing and overall coordination of care etc.

Clear Communication - Staff from the Resource and Education Center (REC) provide credible resources to assist patients and family members with patient education materials and support to increase their knowledge so they become more active participants in their health care. These services are also available to non-patients from the community. In FY19, 3,496

visitors were served through the REC. In addition, our health communications staff conducted 206 plain language revisions of documents to reduce the reading level, ensuring that they are more easily understandable. These documents include mainly clinical documents (i.e., instructions), in addition to administration and research materials.

Unmet Needs and Identification Process - The unmet healthcare needs for this service area were identified and prioritized by comparing the health status, access to care, health behaviors, and utilization of services for residents of the service area to results for the county and state and the Healthy People 2020 goals for the nation. In addition, for Household Health Survey measures, tests of significance were conducted to identify and prioritize unmet needs. Input from the community meeting participants was also used to further identify and prioritize unmet needs, local problems with access to care, and populations with special health care needs. As a specialty hospital that focuses on cancer, FCCC does not specifically provide community or patient services that address obesity. However, these services are addressed by our health system at other hospitals including one adjacent to our campus-Jeanes Hospital. Our health educators do address the importance of maintaining a healthy weight and the negative impact of obesity on cancer along with general information regarding a balanced diet and exercise guidelines via our Community Speakers Bureau.

Part VI Supplemental Information

Provide the following information.

- 1 Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 3c:

Not applicable. The American Oncologic Hospital does use Federal Poverty Guidelines.

The Hospital provides patient care services without charge, or at amounts less than established rates, to patients who meet the criteria of its charity care policy. Criteria for consideration under the charity care policy is based primarily on family income and worth, but also recognizes other circumstances where undue financial hardships exist. The Hospital maintains records to identify and monitor the level of charity care it provides. Because collection of amounts determined to qualify as charity care are not pursued, patient service revenues are reduced by such amounts. The Hospital also provides services and supplies below cost to patients covered by government insurance programs, including the Medicare and Medicaid programs.

Part I, Line 6a:

A community health needs assessment (CHNA) was completed in 2016 and then

Part VI Supplemental Information (Continuation)

another in 2019 with input from primary and secondary data including U.S. Census, Pennsylvania Department of Health vital statistics, Claritas Inc., and tumor registry data from Fox Chase Cancer Center (FCCC). The target area included in the most recent CHNA is the primary service area for the institution and comprises 84 zip codes in Bucks, Montgomery and Philadelphia counties with a total population of 1,939,157. See Part V, Section B for further information.

Part I, Line 7:

As set forth in the Fox Chase Cancer Center Emergency Care, Charity Care, Financial Assistance and Uninsured Discount Policy, it is the policy of Fox Chase Cancer Center to provide all necessary urgent care to patients without regard to their ability to pay for such care. Given this mission and within the guidelines of prudent business management, it is further the policy of Fox Chase Cancer Center that an orderly and controlled system for the write-off of all types of Bad Debt and Charity Care balances is in effect to ensure maximum collections. All patients have the option to apply for the Fox Chase Cancer Center Charity Care Program. The guiding principles behind this policy are to treat all patients equally, with dignity and respect, to assist patients who cannot pay and to balance appropriate financial assistance for patients with fiscal responsibility. Patients and their families have a responsibility to assist Fox Chase Cancer Center in qualifying them for financial assistance.

Fox Chase Cancer Center's cost to charge ratio for Part 1, lines 7a through 7d is derived by total expenses divided by the total gross charges.

Part VI Supplemental Information (Continuation)

The net community benefit expense was \$8,319,718 as reported on line 7j.

Part II, Community Building Activities:

Fox Chase Cancer Center engages in numerous community building activities throughout the year. One environmental improvement was the addition of a medicine disposal unit in the FCCC pharmacy. Also, FCCC trained 21 community members about clinical trials. However, most of the Community Building Activities focus on workforce development. They include partnerships with local colleges and universities, school based programs on health care careers, health career mentoring, and community programs that drive entry into health careers. Some examples of these programs are listed below.

WORKFORCE DEVELOPMENT

(1) TRIP Initiative Program: The Teen Research Internship Program (TRIP) is a rigorous lab-based course for high school students who are motivated to explore their interests in science, technology, engineering, art, and math (STEAM). The mission of the TRIP Initiative is to foster an enthusiasm for science by offering students a chance to do hypothesis-driven research and hands-on learning in a lab. The TRIP Initiative course is offered during the school year at William Tennent High School in Warminster and during the summer at Temple University in Philadelphia.

(2) FCCC Career Series: This annual series is aimed at educating high school and undergraduate students who are spending their summer at Fox Chase about many of the career paths employed here at the Center. Each

Part VI Supplemental Information (Continuation)

session will feature two speakers, who will talk about their careers and touch on what skills are necessary to be successful in their fields from medical oncology to genetic counseling, postdoctoral research, and more.

(3) STEM Scholar Experience: FCCC STEM scholars visit the Cancer Center and the Franklin Institute. During the visit to FCCC, the Cancer Center's trainees engage students in hands-on activities in their labs and network over lunch. During the visit to Franklin Institute, FCCC staff and trainees teach students about careers in science and medicine and educate students about vaccines, immunity and global health. More than 95% of the students that participate are underrepresented minorities from inner city Philadelphia schools.

(4) University of Delaware-FCCC summer fellowship: The program is a continuing partnership between FCCC and the University of Delaware (UD), with the goal of providing UD students exposure to the diverse array of careers in science, medicine, and health care-related fields. Trainees selected for this opportunity will gain an appreciation for the relationship between basic and applied research, as well as for how research directly impacts the cancer patient during and after treatment. The program has two temporally distinct components. The first component is intended for students enrolled in the UD's colleges and programs, and entails a one-day visit to FCCC including a tour of the Center and a meeting with graduate students and postdocs over lunch to discuss careers. The second component is comprised of a 10 week, full-time immersion into a research lab (or business office, clinical trial office, intellectual property office - depending upon interest and availability). All students will participate in a journal club, career development seminars, and a

Part VI Supplemental Information (Continuation)

community outreach event. Participants in this program are UD undergraduates from low socioeconomic status, underrepresented minorities, or first in college backgrounds.

(5) Roxborough High School Partnership: FCCC has worked with both staff and students at this school. FCCC works with staff to strengthen the content of the school's biotechnology programs by providing direction on the curriculum, facilities, technology and equipment. FCCC staff also work to engage biotechnology students in hands-on activities, provide mentoring experiences to the Cancer Center's trainees. The population for this program is inner city high school students and more than 95% of participants are underrepresented minorities.

(6) William Tennent High School Nursing Mentorship: In this ongoing program, FCCC nurses meet with high school students to offer them information on being a nurse and to mentor students through identifying an issue and finding a solution.

(7) Chestnut Hill College Partnership: In this ongoing program, FCCC hosts up to two Chestnut Hill College undergraduates for part-time work over two academic years and the intervening summer. The students conduct basic research under the mentorship of a faculty member at FCCC.

Part III, Line 2:

Effective July, 1, 2018, the Health System adopted a new revenue recognition accounting standard that resulted in significant changes to the methodology for reporting bad debt expense. Under the previous standard, estimates for amounts not expected to be collected based on

Part VI Supplemental Information (Continuation)

historical experience were recorded within net patient service revenue and then recognized as bad debt expense. Under the new standard, estimates for unrealizable amounts are recognized as implicit price concessions that are a direct reduction to net patient service revenues. As a result, the amount of bad debt expense reported in the Health System's financial statements has been greatly reduced, despite the fact that overall collection rates have not changed. Bad debt expense reported in the 2018 tax year relates to patient balances recorded prior to July 1, 2018 when the new standard took effect. These expenses represent the difference between the patient balances per contracted rates and the amounts actually collected after all reasonable collection efforts were exhausted.

Part III, Line 4:

There is no footnote specific to bad debt at this time.

This expense is related to services rendered for which payment is anticipated and credit is extended. These patients do not meet the established Charity Care policy and may therefore have the ability to pay. The cost method is determined based on the patient's liability for services rendered and is a community benefit because it is a cost of providing health care to the general public.

Part III, Line 8:

In 2019, the cost of providing services to the Medicare population was \$12,505,000 (Part III, Line 7) higher than revenue. Medicare allowable cost (Part III, Line 6) was based on cost apportionment derived from the Medicare Cost Report. The Medicare shortfall carried by FCCC provides a community benefit because it benefits a charitable class, the elderly.

Part VI Supplemental Information (Continuation)

Part III, Line 9b:

American Oncological Hospital's collection policy contains provisions on the collection practices to be followed for patients who are known to qualify for charity care. If a patient does not qualify for charity care or qualifies for only a charity care discount, the normal billing process of four (4) statements over a span of at least 120 days will occur. If no patient response is received, a write-off request form will be completed by the collection specialist and submitted for proper signature authority for agency referral. Once approved, the account will be transferred to the Bad Debt Financial Class. The account will be forwarded to the collection agency for additional collection effort. Collection vendors are required to include in their collection notifications notice that AOH provides free and/or reduced price care to persons who qualify, that AOH provides assistance in applying for and obtaining government funded insurance, and that patients can contact the Financial Services Department for assistance.

Part VI, Line 2:

The health care needs of the communities served are assessed using primary and secondary data and evidence-based resources such as those provided by the PA Department of Health, Center for Disease Control and Prevention, National Cancer Institute, American Cancer Society, Healthy People 2020, FCCC Tumor registry, PMHC and information provided to us by our community via focus group discussions.

Part VI, Line 3:

Financial Counselors assigned to American Oncologic Hospital screen all

Part VI Supplemental Information (Continuation)

uninsured and underinsured patients (including those with high deductibles and co-pays) who are hospitalized or require elective outpatient hospital services to determine their eligibility for government funded medical insurance coverage such as Medicaid and CHIP as well as coverage through the Health Insurance Marketplace. In addition, any current or prospective patient may seek information about and/or assistance in applying for Charity Care/Financial Assistance from the Financial Counselors.

Patients that meet the qualifications for these programs are assisted by financial counseling staff throughout each step of the application process. Medicaid applications are submitted by AOH on the patient's behalf and tracked until final determination. Patients who do not qualify for government-funded programs are screened for the American Oncologic Hospital Charity Care/ Financial Assistance program to determine their eligibility for free or reduced cost care. Patients who contact the Hospital's Business Office concerning bills they have received that they cannot afford to pay are also screened for Charity Care/Financial Assistance eligibility.

The Financial Counseling Staff at American Oncologic Hospital are CMS Certified Application Counselors and provide assistance in obtaining coverage through the Health Insurance Marketplace as well as in assisting patients in obtaining supplemental coverage and prescription drug benefits.

Patients are informed of American Oncologic Hospital's Financial Services, and direction on how to access these services, through the following means:

Part VI Supplemental Information (Continuation)

Posters in plain view at inpatient, outpatient and emergency registration areas and billing offices; Patient discharge summaries, billing invoices and vendor collection notices; and Hospital website.

Part VI, Line 4:

The 2019-2021 Community Health Needs Assessment (CHNA) focuses on 84 zip codes in three counties which represents approximately 50% of the in-patient population we serve. The total population within this region is 1,939,157. Approximately 39% of the populations is 35-64 years old. The majority (58.9%) of persons self-identify as White followed by African American (20%), Hispanics (11.8%) and Asian (7%). The unemployment rate ranges from 3%-5% depending on the county and 57.6% have an education beyond high school. In the service area, 14% of the families have incomes below the federal poverty level and 39.4% of households have incomes under \$50,000. A significantly higher percentage of adults aged 18-64 in Philadelphia County report that they have no health insurance (14%), compared to the statewide percentage of 9% uninsured. Chronic disease (hypertension, asthma, obesity, diabetes and cancer) are major health issues. Additional details are provided in the CHNA - <https://www.foxchase.org/community/community-health>.

Part VI, Line 5:

Fox Chase Cancer Center organized or participated as a key partner in a number of community health improvement activities. These activities are free to the community, subsidized by Fox Chase Cancer Center, and are carried out for the sole purpose of improving community health. Community health improvement services (Part 1, lines 7e) includes several programs,

Part VI Supplemental Information (Continuation)

many of them operated by FCCC's Office of Community Outreach (OCO).

(1) Community Cancer Screening program: In order to increase access to care, the Community Cancer Screening program provides breast cancer screening and treatment to medically underserved women within our service area. Low-income, uninsured or underinsured women screened on the Fox Chase Cancer Center (FCCC) Mobile Screening Unit (MSU) for breast cancer are covered under funds secured via state contract via the Pennsylvania Healthy Women Program (HWP), a federally funded program of CDC's National Breast and Cervical Cancer Early Detection Program (NBCCEDP). Eligible women receive free or low cost mammograms and if diagnosed receive treatment. In the event of a cancer diagnosis or a high-risk finding, OCO will prepare and submit the application on behalf of the patient to the Healthy Women Program. HWP will forward the application to the appropriate Pennsylvania County Health Department. Once approved the patient receives instructions to enroll in a Medicaid plan. If needed, financial services can provide additional support. Additional funds secured through foundations such as Susan G. Komen enable us to provide screening and diagnostic services to medically underserved women in our service area. Should a woman be diagnosed, she would be transitioned to the HW program. In FY 2019, our Community Cancer Screening program reached a total of 2,494 individuals with breast, skin, and head and neck cancer screenings. Thirty-six percent of the women receiving mammograms were medically underserved and three of the women screened were diagnosed with breast cancer.

(2) Community Speakers Bureau: OCO also brings cancer education to the community through our Community Speakers Bureau program. Community Health

Part VI Supplemental Information (Continuation)

Educators provide free, bilingual (English and Spanish) cancer education programs to community organizations. In FY19, we reached a total of 1,967 persons with cancer education and information. We addressed a wide array of cancer topics including breast, cervical, colorectal, lung, ovarian, prostate, and skin cancers. All of the programs provide an overview of the cancer, associated risk factors, updated screening guidelines and methods to diagnose and treat cancer. Materials used to support the program are written in "plain language" to address literacy issues also identified in the CHNA. An additional 2,831 people were reached through health fairs and other large community events.

(3) Tobacco Cessation Program: The CHNA illustrated a need for tobacco cessation, leading OCO to establish a community outreach tobacco cessation program at no cost to participants, to address the lung cancer burden in our region. In FY2019, we reached 15 people through this program.

(4) Resource and Education Center (REC): The REC provided 3,496 patients, families, and community members with access to free cancer information and resources that address the cancer continuum. The REC also provided an additional 227 with education through free seminars and survivorship events.

(5) Health Care Support Services: FCCC conducts many programs to increase awareness and access to survivorship-oriented educational resources. These include survivor focused events on several cancer types (the Together Facing Cancer series) in addition to specific events for breast cancer survivors called Unite for Her. Additionally, FCCC offers support groups for various cancer types. Lastly, FCCC conducts research in the community

Part VI Supplemental Information (Continuation)

that is focused on how to help community members to understand the role and importance of research. We also are interested in how best to reach people with health care information and how to help them become strong partners in their own health care.

Part VI, Line 6:

American Oncologic Hospital is a part of Fox Chase Cancer Center, which is a member of the Temple University Health System, Inc. (TUHS). Its mission is to prevail over cancer marshaling heart and mind in bold scientific discovery, pioneering prevention, and compassionate care. The other entities that are a part of Fox Chase Cancer Center are the Institute for Cancer Research, Fox Chase Cancer Center Medical Group, and Fox Chase Network, Inc. All of these entities have the same mission as the American Oncologic Hospital. The missions of other members of the Temple University Health System similarly advance the health systems goals, as follows: Temple University Hospital's mission to provide access to the highest quality of health care in both the community and academic setting and it supports Temple University and its Health Sciences Center academic programs by providing the clinical environment and service to support the highest quality teaching and training programs for health care students and professionals, and to support the highest quality research programs; Temple University Health System's mission is to provide access to high quality health care to the community and academic setting; Jeanes Hospital's mission is to maintain and enhance the quality of life for individuals in the communities it serves; the Temple Health System Transport Team, Inc. mission is to provide the highest level of critical care transport services available in the mid-Atlantic region; and the Temple Physicians, Inc., (TPI) mission is to provide the highest quality
